The teachers are planning some fun Maths activities for you to join in with in the classroom afterwards so please come along if you can. This is a great chance for us to gather together as a community and we hope to see you there.

There have been some great experiences in school this week with the lambing trips and also some drone coding sessions in KS2.

We look forward to another great week next week, including our Colour Dash assembly to introduce the children to this year's fundraiser.

Have a wonderful weekend.

LEARNING AROUND OUR SCHOOL THIS WEEK

In PE the children in EYFS have continued to work on core strength and moving their bodies in different ways through the theme of transport. The EYFS seeds are also growing really well and some caterpillars have arrived in class too!

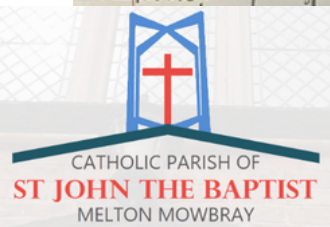

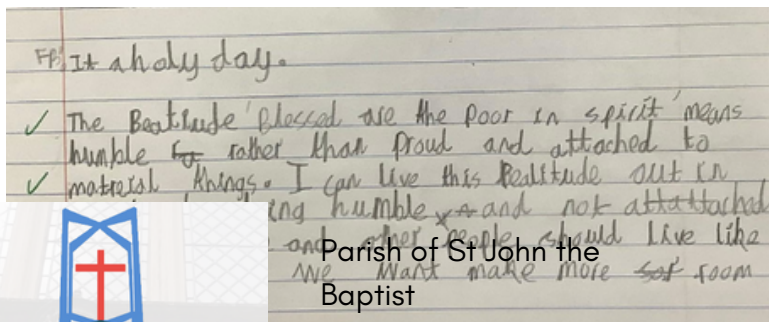

The children in Year 4, 5 and 6 had an excellent experience this week with Code4Drones who provided them with a Drone Coding STEM Experience. This is part of a project funded by the Department for Transport and the Civil Aviation Authority as part of the Reach for the Sky Challenge Fund. The children had a great time putting their coding skills to the test and building their digital literacy.

CATHOLIC LIFE

The children in Year 3 have been learning about the Beatitudes which were the teachings delivered by Jesus in the Sermon on the Mount.

These are short but powerful descriptions of what it looks like to live life in God's way. Jesus wants us to be happy and he makes us promises of happiness through Him and in heaven.

Parish of St John the Baptist
